

## CPH Attends World Association of Eye Hospital Conference

In June, Chatswood Private Hospital's CEO, Roger Cronin, and CFO Feng Neal travelled to the London to attend the 13<sup>th</sup> Annual World Association of Eye Hospitals Conference. The Conference was held at the prestigious Moorfields Eye Hospital, attended by leaders in eye hospitals from all over the world. The conference covered topics including artificial intelligence, robotics, the digital revolution and innovation.

Attendees then visited West of England Eye Unit in Exeter and The Royal Victoria Eye and Ear Hospital in Dublin. Lasting from the 5<sup>th</sup>-11<sup>th</sup> of June, the conference and hospital visits covered a range of topics in the developments of ophthalmic care. [Click Here](#) to read more.

# Sydney ENT Surgeon Network & Education Group

[PresMed Australia](#), in association with [Chatswood Private Hospital](#) (CPH), is supporting the continual development of its ENT service by inviting all Sydney ENT Surgeons to our inaugural meeting on Tuesday 3 September 2019 from 7:00 pm to 9:00 pm at Chatswood Private Hospital.

The evening aims to foster a collegial education and networking forum for Sydney ENT Surgeons with presentations by clinical leaders on a particular topic of interest for each meeting. We are pleased to advise that our inaugural speaker and topic is Chatswood Private Hospital ENT Surgeon:

## **Professor Ray Sacks – “How to Avoid FESS Failures”**

Clinical Professor and Head of Discipline of ENT Surgery - University of  
Sydney

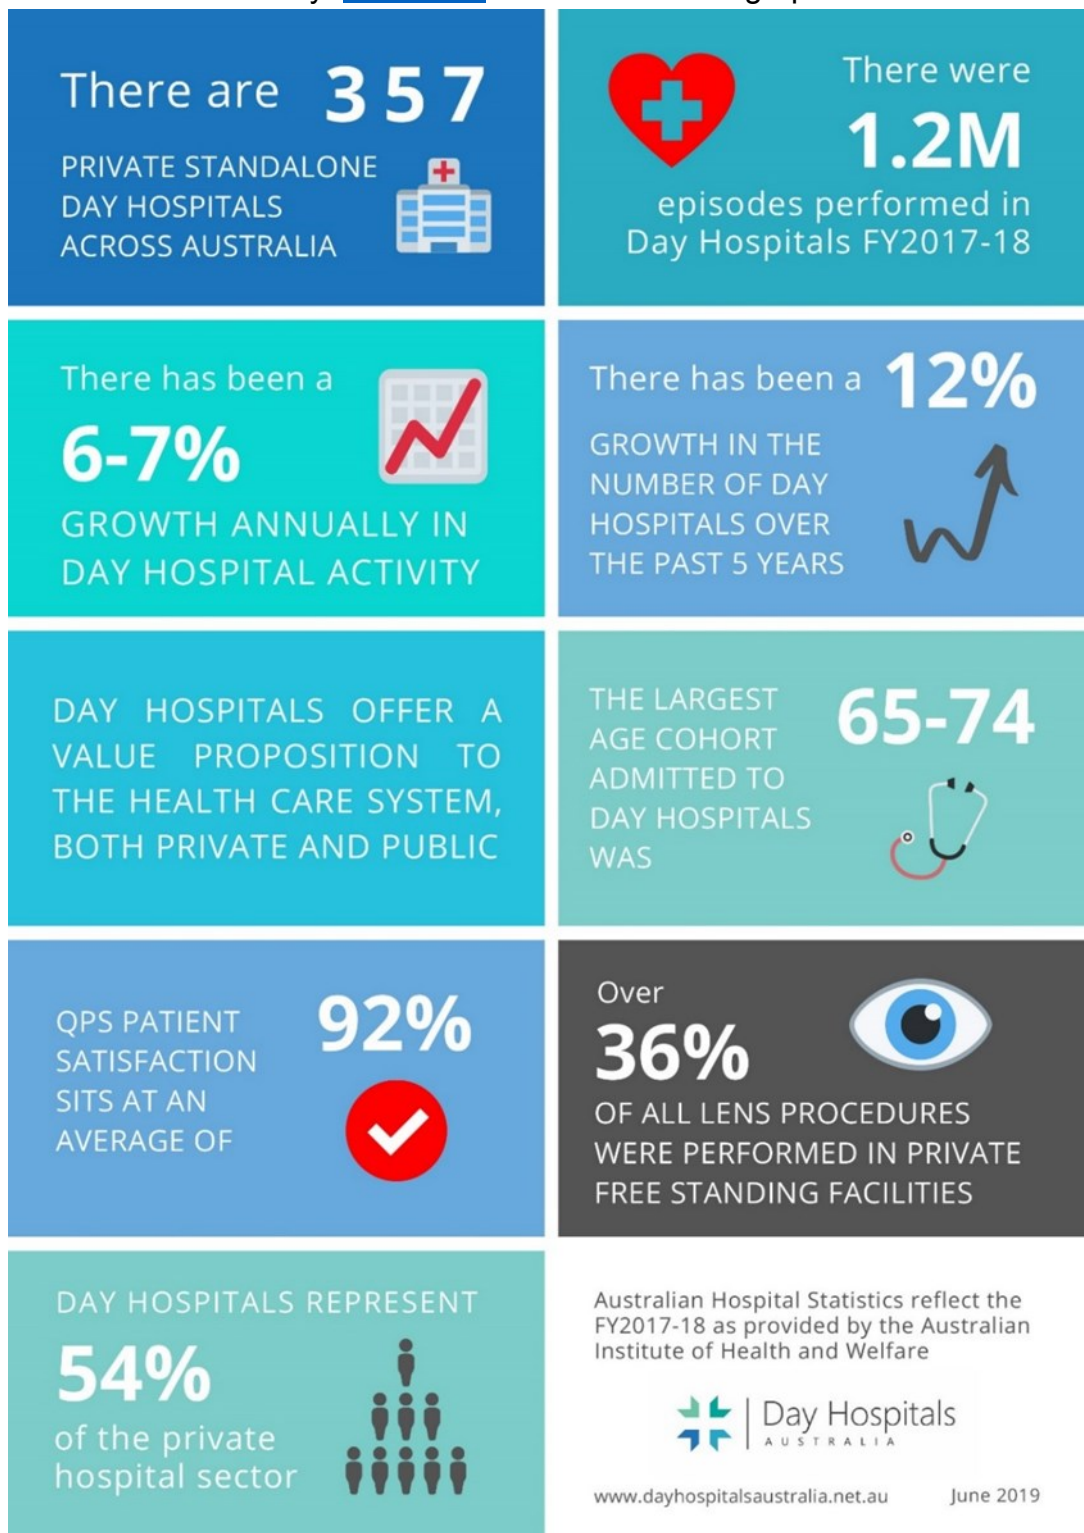

## Innovative Glaucoma Therapy Treatment Now Available

Chatswood Private Hospital is committed to continually research and obtain the latest in cutting edge technology that the Ophthalmic industry has to offer. As a result, we now have available the new Iridex Cyclo G6 Laser Console System with MicroPulse Technology, distributed in Australia by OptiMed. The Cyclo G6 Laser Console System provides surgeons with a non-incisional, intra-ocular pressure control, treatment option for glaucoma patients. Patient outcome studies have shown significant IOP lowering long-term. [Click here](#) to read more.

# A Look into Private Day Hospitals

Day Hospitals Australia has released an informative summary of outcomes using data from the Australian Hospital Statistics FY2017-2018 report that was provided by Australian Institute of Health and Welfare. The summary outlines the high number of ophthalmic lens cases (cataracts) preformed in private hospital as well as the extremely high average patient satisfaction rating achieved across our industry. # CPH Holds Consumer Engagement Practice Manager's Lunch

On the 28th July, [Chatswood Private Hospital](#) invited the staff of our surgeon's practices to a lunch to discuss the latest in Ophthalmic, ENT and Dental care delivery.

Taking place at the Intercontinental Hotel's Bridge Room, guests were treated to a buffet lunch and a chance to talk with the PresMed Australia and Chatswood Private Hospital Management and Administration team for updates on recent hospital developments and facilities. The lunch also provided an opportunity to receive feedback from Surgeon consulting rooms, strengthening the quality of care provided to shared patients.

52 people were in attendance, including PresMed's CEO Roger Cronin, CFO Feng Neal, and Chatswood Private Hospital's Director, Kerrie Legg. The lunch served as a fantastic opportunity to bring the Ophthalmic, ENT and Dental medical communities together, learn from each other's experiences and increase holistic care offered to patients.
